Step 1 - How urgent is your issue?

I need to speak to someone now

I want to browse for a therapist

Offline - Leave a message

This is for people who **urgently need to speak** to a therapist who is online now. We will show you who is online at the moment and you can proceed straight into a session as quick as possible, with as few questions asked as possible.

This is for people who would rather look at some therapists and **perform a detailed search** into who they would like therapy with. The enquiry is not urgent and time sensitive and you can spend as long or as little time as you want to browse the site.
